There will be on hand in the county treasurer's office to the credit of the County High School Fund, after the November tuition is paid, the sum of $6113.41. The tuition for December, based upon estimate of attendance for other months should be about $2300.00 which would leave a balance, January 1, 1914, of about $3813.41.

As will be seen from the above statement if the enrollment neither increases or decreases and the attendance were perfect, it would take the sum of $24,592.50 to pay the tuition until Jan 1, 1915; deducting from this the amount which will be on hand January 1, 1914, leaves $20,769.09 which it will be necessary to provide for by this levy for the County High School Fund.

Respectfully submitted
E. J. Moore, County School Supt.

County High School Board

Eugene, Oreg., Dec. 7, 1914

To The County Court of Lane County, Oregon.

Gentlemen:-

In accordance with Section 4183 Lords Oregon Laws, the County High School Board of Lane County respectfully submit the following estimate of funds needed to pay the tuition of all high school pupils for the next twelve months. The basis of such estimate is the enrollment of the several high schools for November 1914

| Dist No. | Enrollment | Amount. |

| " 126 | 6 | 240 | |
| " 163 | 4 1252 | 160 | 26,088 |

On account of 166 pupils being added to the roll of the high schools of the County, the County High School Fund fell short for the past year about #2000. The estimate is based this year on the present enrollment of 1252 pupils and at the rates provided by law the county high school fund should be # 26,088, to which must be added the deficit of #2000 making a total for the year of #28,088 without allowing for any increase in enrollment.

I deem it wise to provide for an increased attendance and would advise the county court to levy #30,000 for the County High School Fund.

Respectfully Submitted,
E. J. Moore
County School Superintendent.

This does not include District No. 131 and District No. 137, which have entered the High School list and have not as yet reported their days attendance. The number of pupils enrolled in the above districts is 136 more than the total of last year's enrollment in November. Although this County Court made a levy of $30,000.00 last year, on account of delinquent taxes, railroad lands and others, we will fall short about $3,500.00 for this year and in view of increased attendance and shortage from delinquent taxes next year I would recommend your honorable board to make such a levy for County High School Fund as will bring in $35,000.00 to said fund.

Respectfully Submitted,

E. J. Moore
County Superintendent

By a unanimous vote the following estimate for the County High School Fund was adopted and ordered reported to the County Court:

To The County Court of Lane County, Oregon

Gentlemen:

In accordance with Section 4183 Lord's Oregon Laws, the County High School Board of Lane County respectfully submits the following estimate of funds needed to pay the tuition of all high school pupils for the twelve months of the year 1918. The basis of this estimate is the enrollment of the several high schools of the county for the month of October, 1917.

| Dist. No. | Enrollment | Amount |
|---|---|---|
| U. H. S. 1 | 37 | $1310 |
| U. H. S. 2 | 11 | 440 |
| U. H. S. 3 | 14 | 560 |
| U. H. S. 4 | 40 | 1400 |
| U. H. S. 5 | 18 | 720 |
| U. H. S. 6 | 20 | 800 |
| U. H. S. 7 | 24 | 920 |
| Regular Dist. No. 4 | 490 | 5625 |
| " " 10 | 1 | 40 |
| " " 12 | 22 | 460 |
| " " 19 | 110 | 2275 |
| " " 31 | 6 | 240 |
| " " 32 | 15 | 1600 |
| " " 40 | 32 | 1160 |
| " " 43 | 134 | 1920 |
| " " 45 | 130 | 2525 |
| " " 69 | 72 | 1813 |
| " " 79 | 42 | 1425 |
| " " 86 | 12 | 480 |
| " " 93 | 20 | 800 |
| " " 97 | 30 | 1100 |
| " " 126 | 3 | 120 |
| " " 163 | 6 | 240 |
| " " 186 | 7 | 280 |
| Total No. Pupils | 1187 | Amount $ 26,253 |

As there are two months payments ( November and December) in the year 1917 yet to be mae, which will amount to about $5500 and as there is about $17,000 left in the County Treasurer's hands as a surplus of that fund from the delinquent O. & C tax, there should be left about $11,500 as a balance in this fund after paying the November and December bills. Taking this from the above estimate of $26,253 there would be left to be raised $14,750. But as we have usually some bills of attendance to pay for pupils of Lane County who attend in other counties, I would suggest that you make a levy of $15,000 for County High School Fund for the year 1918.

Respectfully submitted,

County High School Board

By E. J. Moore Secretary

Williams, who had been asked by the Chairman to prepare an opinion on the present status of Lane County, in relation to the laws on provisions for assisting High Schools & did so. His opinion was reduced to writing & was filed among the records of the office of the County School Superintendent. It was his opinion that Lane County is now & should be operating under the County High School Law as passed by the Legislature of 1901 & adopted by the Voters of Lane county at the General election held in June 1908. The County High School Fund Law having been repealed by the Legislature of 1919, this County is thereby thrown back upon the County High School Law of 1901.

Under the latter part of Section 406 of said Law (Oregon School Laws 1919) Contracts were ordered prepared between the County High School Board & the various High School districts of the county for the education of high school pupils of the county & the following form of Contract was adopted & its covenants endorsed by the County High School Board:—

Contract for Tuition of High School Pupils.

Whereas, the voters of Lane County, Oregon, at a general election held June 1. 1908. in due form as provided by law, decided by a vote of 3,243 to 1331, to come under the provisions of the County High School Law, as passed by the Legislative Assembly of 1901, & this High School Board was duly organized under said Law & has since continued to act as such board.

Therefore:-

We the members of said County High Scool Board, of Lane County, Oregon, agree to and with the members of School Boards in Districts that maintain Standard Four Year High Schools and duly accredited two and three year Secondary Schools as prescribed by the State Board of Education, and who by their acceptance of the provisions of this contract as shown by their signatures hereto, that they are a party of this contract as follows:-

Said County High School Board shall distribute the County High School Fund, levied and collected as provided by law, on the basis of the actual daily attendance (excluding holidays) during the school year. The total amount of money paid to any district shall be at the rate of $40 per pupil, per year or 22.2¢ per day, for the first twenty pupils, and $36 per pupil, per year, or 16 2/3¢ per day, for the second twenty, and $20 per pupil per year, or 11 1/9¢ per day, for all remaining pupils; but the total amount paid any district shall not be greater than the amount paid by the district to the teachers employed therein. No pupil shall be entitled to be enrolled in any of said high schools

or be reported for days attendance, unless said pupil holds an eighth grade diploma and is not over 21 years of age.

A monthly report of the actual days attendance of each pupil at each school, properly certified to by the principal of the High School, and the Chairman of the Board of directors of the district, shall be made to the County Superintendent at the end of each school month, which shall be the basis of all allowances; and the County High School Board shall pass upon such bills at their regular time of meeting each month and each high school district shall be credited with the amount due it, by the County Treasurer, and the County Superintendent shall notify the clerk of each district of the amount so credited each month

That board of directors in each High School district, agree to meet all the requirements prescribed by the State Board of Education as to the number and qualifications of teachers, course of study, recitations, apparatus and library equipment for a Standard Four Year High School or an Accredited two or three year Secondary School, as the case may be, and to maintain that standard in every respect for the class of secondary school each district maintains

Eugene, Oregon. October 5, 1920.

The County High School Board was called together in special session by the Chairman and by unanimous vote decided that hereafter Lane County should operate under the 1919 law, known as the County High School ~~Fund~~ Tuition Law. Opinions from the Attorney General and also from the County Attorney declaring that this county should properly act under said law was the reason why the change has been made. The County High School Board then adjourned sindie:-

Co. Judge.

Eugene, Oregon.
July 6, 1921.

The County High School Fund was distributed to the various High Schools of Lane County, Oregon according to the

Procedure For Distributing The High School Tuition Fund.

1:- Divide the total cost for high school maintenance by the average daily attendance. This will give the first tuition cost. This multiplied by ten, provided the district has ten pupils in daily attendance, will give the first distribution that goes to each high school district.

2:- The amount of the distribution for a high school given in the first instruction above is to be subtracted from the total cost for high school maintenance. The remainder is to be divided by the total days of school attendance. This will give the cost of a day's education for each pupil. This cost may then be multiplied by the number of days that each non-resident pupils has attended, to get the amount that the district is entitled to from the High School Tuition Fund for each non-resident pupil. Proceed in the same way with each non-resident pupil and then add these amounts in order to get the total due the school for non-resident pupils. This amount added to the distribution for the first ten will give the total amount due the high school from the high school tuition fund.

The detailed figures of this distribution appear on the several High School Report of the District Clerk on file in this office and which are made a part hereof.

In accordance with the above the following order was issued:-

Eugene, Oregon.

November 21, 1930

Superintendent E. J. Moore
Court House
Eugene, Oregon

My dear Mr. Moore:

Indeed I am very glad to receive a letter signed by yourself. I take it that you are again back in the office--that your health has improved, and that no doubt you are feeling more like yourself. This is all a source of joy to me.

I agree with you that I was very sorry to have made the mistake and, of course, we cannot expect the payment right away if the high school fund has been depleted. I think this is the first mistake I have made in the handling of the county high school tuition fund, but mistakes will happen to the best of us. I am notifying the clerk of the school board at Bellfountain that an adjustment will be made as soon as it is possible.

Again expressing the wish that you may have continued improvement in health and strength, I beg to remain

November 19, 1930

Mr. Arnold D. Collier
Court House
Eugene, Oregon

My dear Mr. Collier:

I am writing to you rather than to Mr. Moore because I am not just sure that he is back again in the office, and I have misplaced the name of the assistant superintendent. Also you are more or less acquainted with the high school tuition fund and the duties connected with the office of county superintendent.

Last July I sent a bill to Mr. Moore for the high school tuition of Ellen Buchanan from District 27. Ellen attended the school in District 23 of this county 170½ days, which at a dollar and two cents per day would be $173.91. In making the calculations as you will note by multiplying a dollar and two cents times 170½ days there has been an error made. I find that I inadvertently used 107½ days rather than 170½ days. However the bill called for 170½ days. As you can readily note by referring back to it, this error can be found. In using the 107½ days I got $109.65 which, of course, is an error. I should have used 170½ days which would make the bill of Lane County due District 23 amount to $173.91. The difference between the correct figure and the incorrect one is $64.20, which sum I am asking that you send to us.

I did not discover this error until just today when my attention was called to it. I wish you would refer back to my bill of July 23, 1930, and I wish you would verify the calculations made for District 23.

I am sorry if I may be causing you some additional trouble.

Yours very truly,

E. H. Castle

My dear Mr. Moore:

I wish to acknowledge, herewith, the receipt of your bill for two hundred fifty dollars and fifty cents ($250.50), for the high school instruction of Wallis and Marjorie Smith, and Nora Lee Cantrell. We will be able to pay this before long.

As to Vera Faulkner, I beg to advise that she is residing, probably, in Lincoln County, and of course in that event we can make no collections.

## — Legend —

The changing back & forth from the County High School Tuition Fund & the County High School Fund has created some confusion except since the adoption of the Wheeler High School Fund Law in 1923, which has been adopted by the District Boundary Board of this County regularly each year since that time.

In the apportionment for 1926, a mistake was made by giving the order for Ethel Kirks attendance to School District No 4 (Eugene) when she really attended at the Springfield HS. No 19. See O.H. Jones's receipt. for $94.35 (attached) & that amount has been deducted from School Dist No 4's allowance this year & and order issued to Springfield for $94.35 on this fund. Also .28 cts error in calculation is added to School Dist No 4's allowance on Jessie Whitells' attendance from Linn County making the order read for Nov 1 as follows $13,994.20 — $94.35 $13,884.85 + .28 = 13,885.13 instead of $13,979.20

Also there was an error in calculating the amt due Dist #43, & the total amount due should be $2266 instead of 2310. Since they received $1386 in the spring apportionment or $44 more than they should have. — the amount of $44 is deducted from their full apportionment of $880.02

Beside the orders issued on the County High School Fund as shown in the statement on the opposite page, orders were issued to County School Superintendents in other Counties as follows;

11/17/28- Mrs. Susanne Homes Carter, Jackson county, — $109.03
11/14/28- Superintendent E. R. Castle, Benton county, — 876.54
8/6/28 - Superintendent A. M. Cannon, Lincoln county, — 289.53
10/30/28 - Superintendent Edna Geer, Linn county, — 518.10
8/3/28 - Mrs. Mary L. Dulkerson, Marion county, — 106.75
12/4/28 - Supt. Ray E. Cannon, Multnomah county, — 135.42

Mr. E. J. Moore,
County Superintendent of Schools,
Lane County,
Eugene, Oregon.

Dear Mr. Moore:

In connection with the annual audit of our records by H. A. Hollopeter, Certified Public Accountant, 712 Yeon Building, Portland, Oregon, he has prepared from our records the following statement of High School Tuition charged to and paid by Lane County to School District No. 1, Multnomah County, for twelve months ended June 30, 1932:

| | | |
|---|---|---|
| August 12, 1931 | Charges billed for the school year 1930-31 | $400.90 |
| Sept. 23, 1931 | Received payment | $400.90 |

Will you please compare the above with your records,

Narrative

A copy of the above mimeographed distribution of the County High School fund together with the amount of 50% of the total distribution, was sent to the Clerk of each high school district on June 18, 1931, together with a receipt to the County Superintendent for the said sum of 50% of the amount sent out, as the County Treasurer's books will show. Receipts were received from each of the districts which are herewith made a part of this distribution and enclosed in an envelope marked "Exhibit A", except in case of Union High School No. 8. Mr. A. B Smith, Clerk, sent in the receipt but did not send in the order and it has not been paid, and is still in the County Treasurer's hands. Mr. Smith refused to file an indemnifying bond with the County Treasurer, so that she could pay him, as the law provides. He says he did not receive the order, but the Assistant Superintendent, Lawrence C. Moffitt, and a stenographer, Margaret Cutler, went over each envelope and saw that each order and receipt were placed in the proper envelope and sent out to the clerk in each district on that date. Receipts have been received by this office and the amount indicated was paid out by the County Treasurer to each of said districts as shown by the above distrcts.

Orders were also sent to the other Counties of the state as follows: Douglas and Linn County.

Dated, September 28, 1931.

My dear Mr. Moore:

Just to advise that I am informed by the clerk of the Alsea School District and also by Mr. Davis the school principal that the parents of DeVore Taylor did not moge into the Alsea District until April 19, 1930. The bill for his tuition covering 148 days is from the beginning of school last fall until April 19, 1930, when the family moved into Alsea. No claim is made for tuition after April 19, 1930. To make sure of this I am making still further investigation. I do not want to made an unfair charge, and yet I feel that if this is the case the tuition charge is not unfair.

Narrative

A copy of the above mimeographed distribution of the County High School fund together with the amount of 50% of the total distribution, was sent to the Clerk of each high school district on June 18, 1931, together with a receipt to the County Superintendent for the said sum of 50% of the amount sent out, as the County Treasurer's books will show. Receipts were received from each of the districts which are herewith made a part of this distribution and enclosed in an envelope marked "Exhibit A", except in case of Union High School No. 8. Mr. A. B Smith, Clerk, sent in the receipt but did not send in the order and it has not been paid, and is still in the County Treasurer's hands. Mr. Smith refused to file an indemnifying bond with the County Treasurer, so that she could pay him, as the law provides. He says he did not receive the order, but the Assistant Superintendent, Lawrence C. Moffitt, and a stenographer, Margaret Cutler, went over each envelope and saw that each order and receipt were placed in the proper envelope and sent out to the Clerk in each district on that date. Receipts have been received by this office and the amounts indicated was paid out by the County Treasurer to each of said districts as shown by the above districts.

Orders were also sent to the other Counties of the state as follows: Douglas and Linn County.

Dated, September 28, 1931.
