The minutes of the meeting of February 29th were read and approved.

The meeting was called for the purpose of discussing a budget for the coming year, as it seemed very evident the Non-High School district would have to exceed the 6% limitation because of the decrease in valuation and increase in number of tuition pupils.

The next meeting of the budget committee will be held on Thursday, May 23rd at 8:00 o'clock p.m.

A motion was made and seconded that the people in Westlake be informed that a tuition contract would be made with the Florence Union High School for the coming year but the board was not planning to enter into contract with the Gardiner Union High School. Motion carried.

Regular meeting of the Non-High School District Board was held with Mr. Chase, Mr. Beebe, Mr. Harper and Mr. Moffitt present.

The minutes of the meeting of February 21st were read and approved.

The Board met for the purpose of visiting the Mapleton High School and the Florence Union High School. They visited the school at Mapleton in the morning, looking over the building and talking with the principal, Mr. Strong, inquiring about the Non-High School students and the work they were doing in the school. At 2:00 o'clock p.m. they met with the school board of the Florence Union High School district and looked over the building thoroughly, noting the improvements that had been made since the board had last visited, namely the building of a Domestic Science room in the basement, the flooring of the remaining part of the basement, the new equipment purchased, and other improvements. The main discussion with the Florence Union High School Board was whether or not it might be possible to have some of the pupils attend the Florence Union High School from the Westlake district that are at present attending the Gardiner district. It was decided that some member of the Union High School Board would talk with the parents of the Westlake district to encourage them to attend the Florence Union High School.

A motion was made, seconded, and carried, that the following bills be allowed:

The minutes of the meeting of January 9th, 1940, were read and approved.

A letter was read from the school board of the Coburg district stating they did not wish to sign a contract for less than per capita cost. The Secretary was authorized to write the clerk of the Coburg board stating the bill would be paid in the same manner as last year.

A motion was made, seconded and carried, that the cash on hand in the Non-High School district fund, be apportioned the various High Schools reporting half-year attendance, on a pro-rata basis as has been apportioned in past years.

A motion was made, seconded and carried, that the following bills be allowed.

Motion made, seconded and carried, that the contract with the Portland district for per capita cost be signed by the chairman and clerk and returned to the Portland district.

It was the opinion of the board that a meeting should be held sometime about the first of March to consider making up a budget for 1940-41 in time to be submitted at the annual school meeting in the various district, to vote on exceeding the 6% limitation, as the budget this year was cut down somewhat.

The Board reviewed the residence certificates of the pupils attending from the Non-High School district and the blanks were found to be in order.

The minutes of the meetings of October 7, 1939 and October 31, 1939 were read.

A letter was read from the Southern Pacific Company stating that the Non-High School District had exceeded its 6% limitation and would, therefore, have to reduce its budget to the 6% base. A letter was also read from Mr. L. L. Ray, District Attorney, sustaining the Southern Pacific letter and also advising the Board that in case the budget levy did not raise a sufficient amount to pay the tuition and other bills of the Non-High School District, it would be necessary for the Non-High School Board to issue warrants and include the deficiency in the 1940-41 budget, along with a sufficient amount to pay the expenses of the year. A motion was made and seconded that the letters be filed and also that a news clipping be attached to the records to be used as a basis for the budget for 1940-41. The motion was discussed pro and con and when voted upon carried.

Portland, November 30, 1939

Mr. Welby Stevens,  
County Assessor, Lane Co.  
Eugene, Oregon

Dear Sir:

On his return to the office yesterday, Mr. Lee attempted to make a rough preliminary estimate as to the 6% base for Non-High School District in Lane County on the 1939-40 roll. While we do not have all of the districts which were changed from the Non-High School District into Union High School Districts or from High School Districts into the Non High School, Mr. Lee's memo may constitute a framework which will be of assistance to you in working out the definite 6% base for the district in question. I am therefore attaching copy of our memo for this purpose. As will be noted, the highest millage levied for non-high school purposes during any of the past three years was the 5 mill levy on the 1937-38 roll. Such data as we have would indicate that only 4.49 mills of this particular levy was legal (with a similar situation existing on 1936-37 roll.) Our rough figures indicate a base of \$42,565.50 as against proposed levy of \$51,996.94. Your office, however, will have more exact figures and can determine definitely just what the base should be after taking into consideration the actual year-to-year changes in boundaries of this Non High School District.

In this connection, I am attaching similar preliminary estimate covering 6% base for the new Union High School District No. 14 which, according to these figures might seem to be but \$41,830.57 as against proposed budget expenditure of \$52,477. It may be that a portion of the \$8,450 on hand at the close of last year, according to School District No. 45 report, may belong to High School portion of District No. 45's activities, and hence should be turned over to the new consolidated Union High School No. 14.

I think you were also intending to compute two separate levies for School District 76 at Oakridge, one to cover the "operating Expense," portion of the budget and which would be extended uniformly over the entire enlarged district (including former No. 20) and a second millage to cover the bond interest and redemption portion of the current budget, and which is, of course, chargeable only to original School District No. 76 and should not be extended over the properties in former School District No. 20.

Since our railroad and P.F.E. mileage returns were made to you this year to cover trackage in the entire enlarged new District No. 76, I give you as follows our Central Pacific Ry, and Pacific Fruit Express Co. mileage and assessed value on basis of the Tax Commissions's 1939-40 assessment which is located within the boundaries of former School District No. 20 and which will

Office of  
DISTRICT ATTORNEY

Lane County  
Eugene, Oregon  
December 5, 1939

Mr. Welby Stevens  
County Assessor  
Lane County Court House  
Eugene, Oregon

Dear Mr. Stevens:

Referring to your inquiry regarding what is the proper tax base for the non-high school district in Lane County, Oregon, for the purpose of computing whether or not the same has been increased by six per cent for the levy for 1940, in view of the fact that a sizable portion of the property in said district last year has been removed for incorporation in another district, I have to advise as follows:

Section 11 of Article 11 of the Constitution of the State of Oregon provides as follows:

" . . . whenever any new county, municipality or other taxing district shall be created and shall include in whole or in any part property theretofore included in another county, like municipality or other taxing district, no greater amount of taxes shall be levied in the first year by either the old or the new county, municipality or other taxing district upon any property included therein than the amount levied thereon in any one of the three years, immediately preceding, by the county, municipality or district in which it was then included plus 6 percentum thereof."

This section of the Constitution would seem to be very clear and definite to the effect that the highest amount of tax in the last three years from the property remaining in the non-union high school district must be taken as the base from which to figure on the six per cent limitation for next year.

For your further information, I have to advise that the Attorney-General has, by an opinion on Page 487 of the opinions of the Attorney-Generals for 1932-1934, held that non-high school districts are

Mr. Welby Stevens

- 2 -

subject to the six per cent limitation; and I would also call your attention to an opinion addressed to Rex Putnam, Superintendent of Public Instruction under date of November 4, 1937, and appearing at Page 456 of the Opinions of the Attorney-General for 1936-1938, wherein it is stated that the tax levy of a non-union high school district is, of course, subject to the six per cent limitation.

It may be of interest to yourself, as well as to the Board of Directors of the non-high school district of Lane County, to note that the opinion last above referred to then proceeds to state that no provision is made in Section 35-3624, Oregon Code 1930, for prorating funds in case the revenue derived from the tax levy is insufficient to make payment in full for tuition; and that on the contrary, such statute expressly provides for indorsement of warrants in case there is no money in the fund with which to pay the same, and for the payment of interest thereon from the date of indorsement until paid. The Attorney-General then proceeds to hold that if the entire tuition bill exceeds the amount of revenue for payment thereof, warrants shall be drawn and indorsed as provided in Sub-section 3, Section 35-3624, Oregon Code 1935 Supp.

From the foregoing, it would appear that the proper procedure at this time would be for the non-high school district to levy as great a tax for 1940 as the Constitution will permit it to levy, and if this amount does not furnish sufficient money with which to pay tuition during 1940, then to issue warrants as provided for by law and proceed to take care of the deficiency the following year.

Respectfully submitted,

L. L. Ray  
District Attorney

P. S.: What is said above is not to be construed as passing upon the question of the amount of tax that may be levied by the newly organized union high school district, composed of the Cottage Grove and other districts. I understand that the authorities in that district are relying upon an opinion of the Attorney-General dated October 27, 1922, and appearing in the Opinions of the Attorney-General for 1922-1924 at Pages 24 and 25. In that opinion, the Attorney-General held that, since the newly formed union high school district was not included in any like municipality during the preceding year having authority to levy taxes for union high school purposes, the constitutional six per cent limitation had no application to such district.

November 30, 1939

Mr. Welby Stevens  
Lane County Assessor  
Eugene, Oregon

Dear Mr. Stevens:

Your letter of the 28th regarding Union High School District #14 being partly in Douglas County has been received and in reply will say that this office has no record of any part of Douglas County being in Union High #14. The Southern Pacific Company evidently are not aware of it either as they report District #3 in Douglas as being in Non High School territory.

If an order from the boundary board creating this district had been properly filed in this county and a budget also filled before November 1st as by law required, and we would be glad to have extended the tax but under the circumstances we cannot see how we can lawfully put this on.

If you have any further suggestions in the matter we would be very glad to hear from you.

You are probably aware of how carefully the legal side of these school affairs are checked by the Southern Pacific Company and other utilities and in consequence we are careful to avoid getting into a position where there is a possibility of the tax being invalidated.

With best wishes, I am

Very truly yours,

LANE COUNTY

EUGENE, OREGON

December 11, 1939

Mr. James A. Lathrop,  
Southern Pacific Company,  
Portland, Oregon.

Dear Mr. Lathrop:

We read your letter to Mr. Stevens in regard to the base for the Non-High School District and wish to answer as follows:

Our first levy in 1933-34 was \$58,471.20, which we consider a legal base as it was the first year the district had a levy. During the next two years the levies were considerably less than this and in 1936 we had a levy of \$57,090. This we consider a legal levy as there was no appreciable territory taken from the Non-High School district. However, during 1936 the Junction City Union High School district was formed and if we use the valuation deducted that year of \$1,231,690 and multiply it by the last levy made of 4.8 mills, we get \$5,912, which would leave us \$51,178, to which 6% of the amount is to be added for the 1937 base, which would be \$54,248. During this year we levied \$58,484, which evidently was not legal.

In 1938 the levy was \$53,257, which we are sure was a legal levy and in 1938 the Union High School district at Cottage Grove was formed. If the Union High School district had not been formed we would have had a base of \$57,503 for 1939, but it was necessary to deduct the last levy made on the valuation taken into Cottage Grove, which would have been \$15,096, leaving a balance of \$42,407, and also deducting Districts No. 96 and 147 that went into the Mapleton district would be \$712, which would make \$41,695 to which we could add Linslaw of \$1500, making our base, as we figure it, \$43,195.

Please let us know if you consider the amount of \$43,195 as correct as a base for this year. It will make a levy of 4.9 mills.

The next few years it will probably be necessary to exceed the 6% limitation.

Yours very truly,

Eugene, Oregon,  
Aug. 21, 1939.

A regular meeting of the Non-High School Board was held in the County School office with Mr. Chase, Mr. Beebe, Mr. Brooks, Mr. Harper, and Mr. Smith present.

The minutes of the meeting of July 15th were read and approved.

A letter was read from Mr. Myers, Clerk of School District No. 90, Blachly, stating that the board of his district wished the Non-High School board to reconsider their tuition contract, as their amount was almost double per pupil per day the amount in the contract sent them.

A motion was made and seconded that the board follow the same policy in making up contracts for this coming year as they have during the past year of per capita not to exceed 40.2¢ for two-room schools, per capita but not to exceed 42.8¢ per day for three-room schools, and 47.1¢ per day for four-room schools, and, per capita cost for five-room and larger, and that the Blachly school board be notified that this is the policy of the board and that the board does not wish to change its policy in the matter for this coming year. Motion carried.

A letter was read from the Smith River high school in Douglas County stating that \$503.20 for tuition for two pupils that attended school during 1938-39 from Lane County be paid. The amount of \$503.20 for two pupils seemed quite a high amount to the non-high school board and when checking their standard high school report they found some duplications of expenses and also five other items that seemed exceedingly high for a two-teacher high school. The Secretary was instructed to write to the board of the Smith River high school, asking about the items of expense listed under operation of plant, maintenance and repair, insurance, rent on building and the duplication of \$550 under depreciation of building and also to state the policy of the board as to tuition contracts with districts in our own county. A motion was made and seconded that a contract be sent the union high school district not to exceed 40.2¢ per day. Motion carried.

The tuition of the Eugene district was questioned because of the attendance of Elvis Taylor of the Riverview district, because ordinarily he went home at noon, according to reports from the school district; Dorothy Giese, as there was no resident certificate on file from the non-high school district and that her home is in Eugene, District No. 4 with her mother; Vernon Kunkle, as he was seen many times during the school year and not attending school. The secretary was instructed to check the attendance of these pupils before paying the tuition bill to Eugene.

The following bills for tuition were approved by the Non-High School board and ordered paid:

Dist. No. 32, Mapleton -----	\$194.64
Dist. No. 43, Coburg -----	444.52
*Dist. No. 76, Oakridge -----	282.47

APPROVAL AND ACCEPTANCE OF TUITION CLAIM

Eugene, Oregon, \_\_\_\_\_, 193\_\_.

Dear Principal or Superintendent:

You are notified that \_\_\_\_\_  
has been accepted as a Non-High School District Tuition pupil by  
the Lane County Non-High School District Board and is approved for  
attendance at \_\_\_\_\_ High School,  
tuition to be paid from \_\_\_\_\_, the date  
of enrollment. This approval and acceptance notice is not valid  
for attendance beyond the school year 193\_\_, 193\_\_.

\_\_\_\_\_  
Secretary Lane County Non-High  
School District Board.

LANE COUNTY

NON-HIGH SCHOOL DISTRICT BOARD

September 28, 1936

TO HIGH SCHOOL PRINCIPALS:

At a Non-High School Board meeting held on September 26th, the Board decided to check up more closely on the non-High School district pupils. The following explains the plans that will be used for that purpose this year.

You will find enclosed with this bulletin three blanks to be used beginning September, 1936, in checking Non-High School District pupils for tuition allowances. The new arrangement is made solely for the purpose of putting the burden of establishing residence on the pupil, his parents and his district clerk and having this check completed before the pupil is enrolled.

The blanks are explained below in detail in the order of their use. If you will read carefully and follow the procedure outlined the plan will prove much more satisfactory than methods we have been following. Every Non-High School District pupil must conform to this plan this year if he attends high school and expects to get his tuition paid.

1. INFORMATION BLANK AND SCHOOL CLERKS' CERTIFICATE OF RESIDENCE

We are enclosing copies of this blank for you to give to each Non-High School district pupil to be properly filled out and returned to you, you in turn to send them to us. If we find that the pupil is a legal resident of the Non-High School district we will send you a Tuition Eligibility Certificate.

2. TUITION ELIGIBILITY CERTIFICATE -- This is given to the pupil or sent you when his Information Blank has been received and found in order. The inspection of the Information Blank should take only a few minutes so that ordinarily the pupils may leave our office with the Tuition Eligibility Certificate when he presents his Information Blank. This certificate is evidence that he is entitled to tuition. It should be taken up by the High School principal when the pupil registers and is not to be returned to the pupil under any circumstance after he has once been registered and in attendance. A new information blank and a new Tuition Eligibility Certificate is issued each year and each time a pupil changes high schools.

3. MONTHLY REPORT --- The enclosed monthly report is to be sent in based on your school calendar. These reports will be used in paying tuition claims during the year.

Supplies of all of the above blanks that need to be in your hands are enclosed herewith. Additional supplies may be had at the County School Superintendent's Office on request.

Please keep this bulletin and the attached forms for future reference.

Very sincerely,

L. C. MOFFITT,

Co. School Supt. and  
Sec. Non-High School Bd.
