Dear Sir:-

I am coming at you again, If I made an error in the boundary of Original Dis. No.93 it was a fault of the map of said district in my office. I have consulted the assessors map of that district,and will send you herewith a description which the assessor verifies as a correct boundary of Dis. No.93.,(that is the original No.930;

Beginning at the quarter post bet.Sec.17 and 20,Town.19-11 Lane Co. Thence,W 1⅛ mile to township line Bet.Town.19-11 and 19-12; S.on Town.line Bet.19-11 and 19-12,3 miles; West to P.O.; S.W.to quarter post Bet. Sec's.19 and 20,Towm.20-12; E.½ mile;S.⅜ mile; E.½ mile; S.½ mile; E.½ mile; S.½ mile; E.2⅝ miles;N.1⅝ mile; E.⅝ mile; N.1⅝ mile; E.⅜ mile ; S.⅝ mile; E.½ mile; N.½ mile; E.1¼ mile N.¾ mile E.⅝ mile; N.4 miles to the place of beginning.

Our maps show that this is a joint district,that lapsed in 1905. of course then it will have to be treated as a newly formed district, being first recreated by the Boundary Boards,of the Counties concerned.

I will see you at Salem next week and talk the matter over with you.

Yours very truly,

Thurman Chaney

SPOKANE, WASH.
March 12, 1914.

To County Superintendents and Teachers
of Idaho, Oregon and Washington
Greeting:

Alfalfa Week

The Holden Improvement Committee is pleased with the interest taken in Alfalfa Week throughout the Pacific Northwest. We are very anxious to receive full reports from each school telling of the work of the week, as well as the proposed line of work which will follow.

Seed Corn

A considerable amount of acclimated seed corn has been purchased by the Committee and is now being carefully graded and tested by the Corn Club Students of the Spokane High School. This corn will be distributed among interested farmers and members of the Boys and Girls Clubs, at the rate of 2# for 25¢ to cover postage and drayage. Applicants should describe climatic conditions of their respective localities so that corn especially adapted to their needs may be sent. We need to know whether or not it is an irrigated section. This corn is not guaranteed, however it was bought and will be distributed with greatest care. The whole effort is a cooperative one to determine the best types for the several localities and conditions.

Alfalfa Seed

Small packages of alfalfa seed for experimental purposes will be mailed free to applicants who are sufficiently interested to comply with the instructions and rules governing the distribution.

Feterita Seed

Feterita is specially adapted to dry farming localities as it needs but a small amount of moisture to mature. The committee will be glad to furnish a small amount of this seed to those desiring the same.

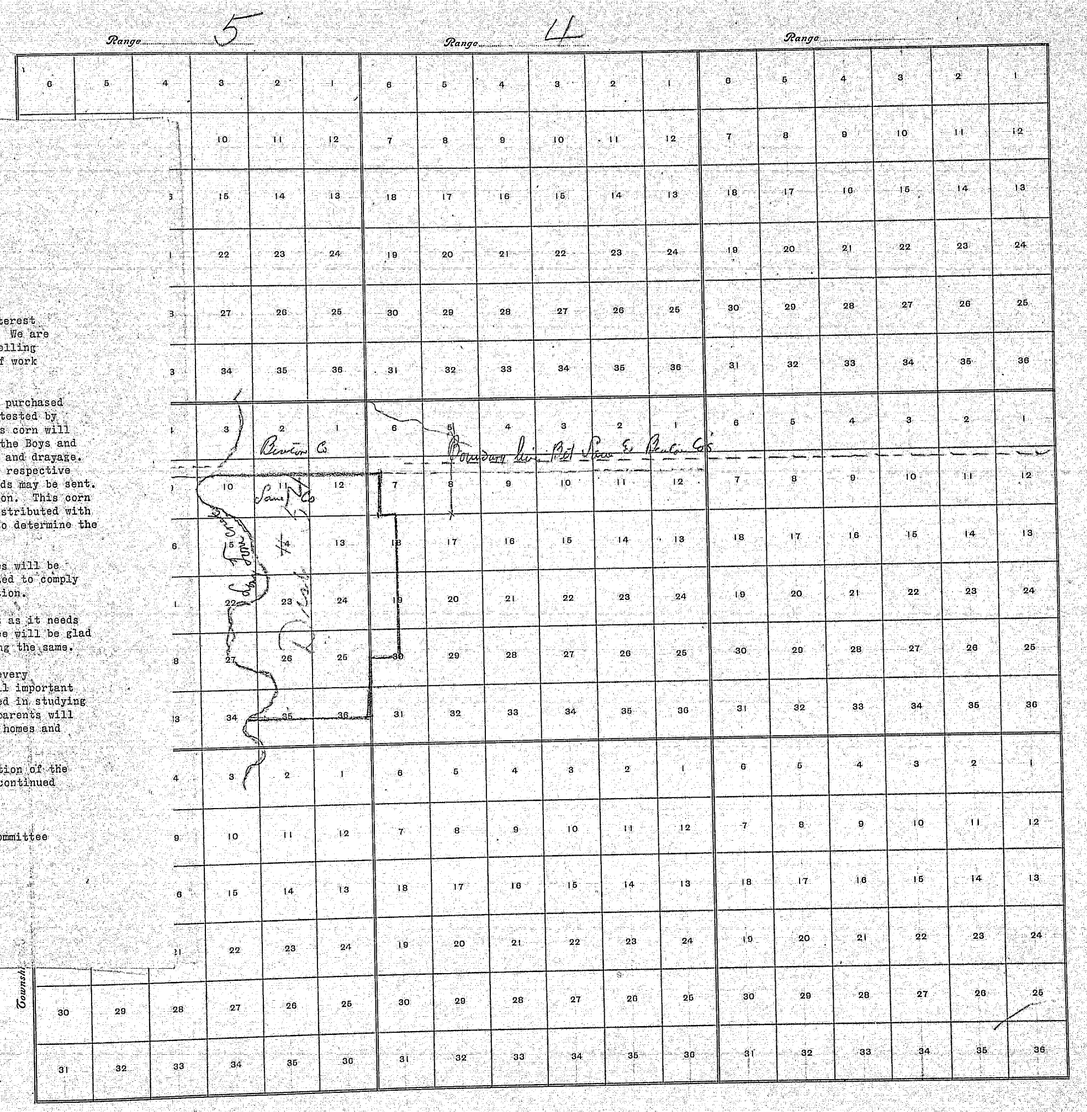

Help and Cooperation

The Holden Improvement Committee is anxious to assist every school in the Pacific Northwest to take hold of this all important line of work, realizing that if pupils become interested in studying and practicing scientific methods of agriculture, the parents will also become interested, and conditions in thousands of homes and communities will be thereby improved.

We sincerely appreciate the hearty and earnest cooperation of the Superintendents and Teachers everywhere and wish them continued success in this great work.

Yours very truly,
Chas. W. Farr
Secretary Holden Improvement Committee

NOTE.—The above plat of four townships will, no doubt, be found sufficient to include the boundary lines of any school district, however large and irregular the district may be. School districts frequently embrace portions of two or more townships. When a school district is established, the lines should be carefully and accurately traced on the plat above. When subsequent changes are made, a new map of the district should be drawn on the next plat including the alterations made, and, in this way, a correct map of the district may be preserved. When the County School Superintendent establishes or alters the boundaries of a school district, he should fill out and sign the following certificate:

School District No. ..... County, Oregon,

....., 189...

I, the undersigned, County School Superintendent of ..... County, Oregon, do hereby certify that the following is an accurate description of the boundaries of school district No. ..... in said County, and that the above is a correct map of said district as now established.
