Better benefits and better care — *choose a PCP 360*

Better care and benefits are already built into your Moda Health plan. All you need to do to access them is *choose and use* a PCP 360. Doing so is easy. We'll show you how, but first let's explain what a PCP 360 is.

What is a PCP 360?

A PCP 360 is a primary care provider who is part of a facility that has been certified by the Oregon Patient-Centered Primary Care Program or other similar programs. This means that a PCP 360 has to meet certain quality standards.

Having your own primary care provider is good, but having a PCP 360 is even better.

With a PCP 360, you get:

- 24/7 medical advice by phone
- Hospital coordination
- Ongoing health education
- Wellness support

Ultimately, your PCP 360 will be accountable for delivering high-quality care that is centered on you, coordinating with any other care providers you may need, on your behalf.

You and each of your covered family members can choose a PCP 360. You can have the same one or a different one — it's up to each of you.

How is a PCP 360 different than Moda 360?

A PCP 360 is a primary care provider or doctor who will give you care. Moda 360 is your own enhanced member support team to help you navigate the healthcare system. Through Moda 360, you'll get access to Moda 360 Health Navigators. These Moda 360 Health Navigators will answer any questions you may have and will help connect you to the programs and resources that are right for you. They can even help you find the PCP 360 that is right for you.

When you choose a PCP 360, you get better benefits!

To make sure you get the better benefits included in your health plan, you'll need to choose a PCP 360.

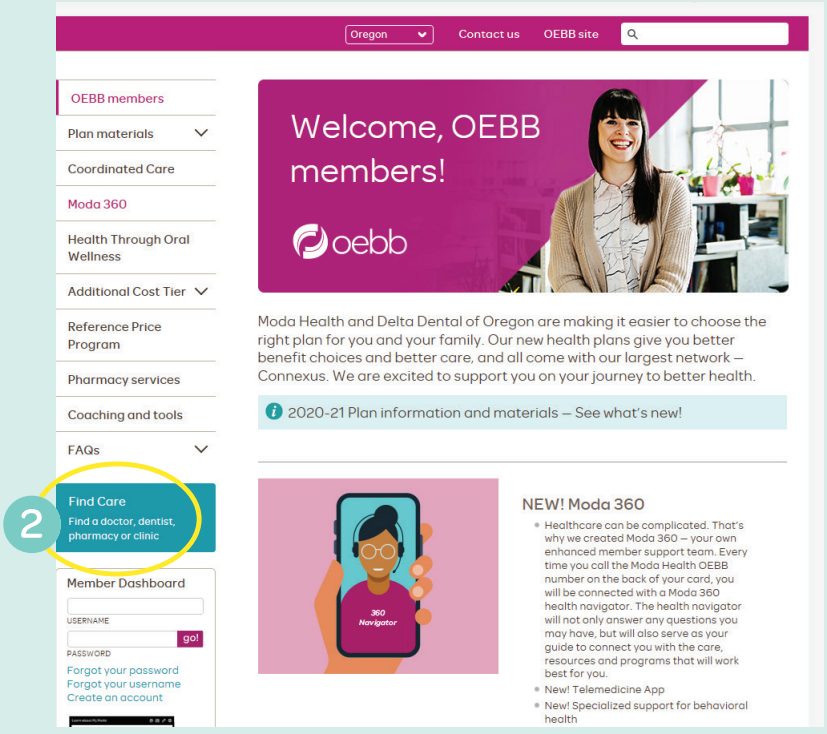

These better benefits include:

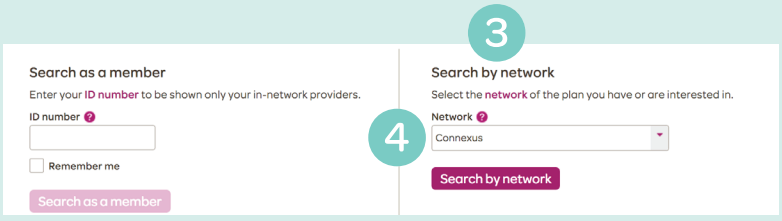

- A lower individual deductible
- A lower individual out-of-pocket maximum
- A lower cost for certain services:
  - Primary care office visits
  - Specialist office visits
  - Alternative care services
  - Incentive office visits for chronic conditions

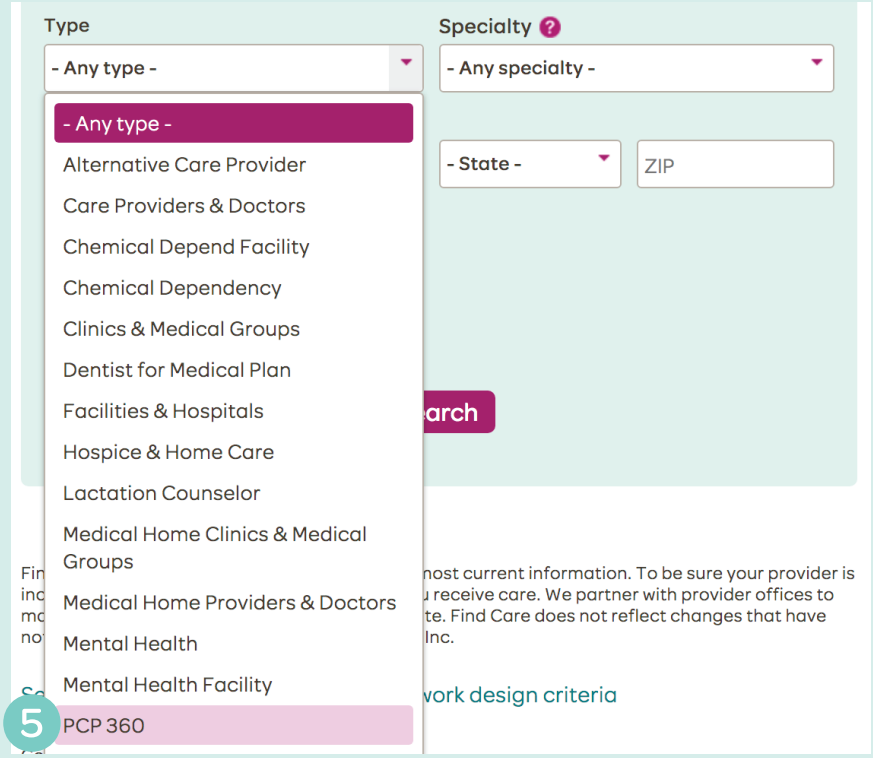

How to *find a PCP*

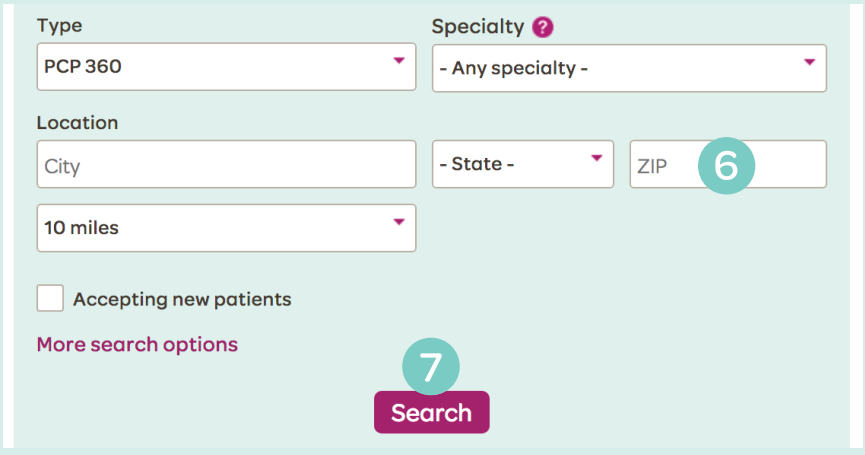

Find your PCP 360 by following these simple steps.

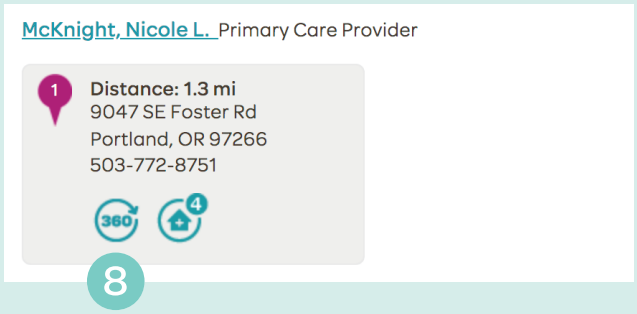

1. To find a PCP 360 for yourself or another member on your plan, visit **modahealth.com/OEBB**
2. Click the Find Care link on the left side of the page
3. Then, click “Search by network”
4. Use the “Search by network” option on the right side of the screen to choose the Connexus Network
5. From the “Type” drop-down menu, choose “PCP 360”
6. Enter your ZIP code
7. Click “Search”
8. You will know a provider is a PCP 360 if you see the “360” graphic 360 under their phone number
